Mrs J. A. Holt
#343 Main St.
Danbury

G. R. Eaton. with ^{Coin} Gray Bros
#316 Mont St -

The last-lumber sent - cost -
\$14.00 sent a thousand for rough
lumber and \$31.50 for surface lum-
ber. The shingles cost \$1.85 a thou-
sand. The freight is about - \$2.00
per thousand. Don't bother your-
self about trying to make any-
thing out of this lumber business.
It has to be paid in the end
or you get inferior lumber. These
gentlemen have the one price.
They have three grades of lumber
1st - second and third grades -
if anything is to be made at one
end, it is coming out of Mr Bell
at the other end. Now don't let
anyone talk you into any
percentage business, for it will
all come out of Mr Bell in the
end. Now don't let anyone talk
you into any percentage busi-
ness, for it will all come out of
Mr Bell in the end. They will
send you 900 ft - & call it a
1000. Now how will you know
what you have got? You will not
weigh it - nor measure it. Let
sell enough alone. Buy it your-
self & let percentage alone. Don't
want a third buyer. I never did
Don't take anyone in on per-
centage and don't let anyone
take you in on percentage
either.
